

F O L D into zig-zag

C U T with scissors

design : www.imogenharveylewis.co.uk

How to join the Cutting Out campaign

1. Cut out rectangle containing paper character and dotted lines.
2. Fold paper in a zig-zag along dotted lines so that the printed template layer is on the top.
3. Cut all folded layers along solid template lines in one action so that all paper characters are cut at once.
4. Carefully unfold paper characters to make a paper chain of children. Feel free to customise.
5. Photograph your cutout on a dark surface and send a pic to us so we can add it to our digital installation.
