## Pop-Up Cultural Space

Wed 20<sup>th</sup> - Sun 24<sup>th</sup> March 2024

**FREE** creative workshop & event programme for adult survivors of child sexual abuse, friends & allies

Join us for a varied programme of creative workshops, performances and events, accompanied by an exhibition of *An ABC of CSA*.

UpFront Survivors is a three-year project of creative changemaking, designed and led by artists and activists who are survivors of child sexual abuse in partnership with frontline services.

**📍 All workshops and events take place at East Street Arts (either Patrick Studios or Convention House), St Mary's Lane, Leeds LS9 7EH**

All events are free but please book your spaces in advance here

We aim to hold safer, accessible spaces for all CSA survivors, friends & allies. All our spaces are relaxed environments, meaning you can move around the space as you need to during events and performances, and leave (and come back) at any time.

Wellbeing support and a range of grounding activities are available if you need anyone to talk to in response to the artwork and activities.

*All events are open to both sexes and all gender identities.*

*Age guide: workshops 18+, events 14+. [www.vivgordoncompany.co.uk](http://www.vivgordoncompany.co.uk)*
